

AUGUST BREMANDER HASSELBLAD

ABOUT ME

Hello! My name is August, and I moved to Copenhagen, from Sweden Gothenburg last July. I am currently pursuing a degree in multimedia design at KEA, and I am actively seeking a part-time employment for the summer.

During my time working at an elementary school, I've developed interpersonal skills and demonstrated a strong sense of adaptability. This has continued to impact my day-to-day life and a lot of different working opportunities. I see myself as a flexible, patient, and resourceful person when it comes to overcoming challenges and problem-solving. In my spare time I freelance graphic design and web development. My graphic design work has partly consisted of creating logos for restaurants, posters for festivals, and cover-art for bands. I am also an artist and I have had two solo exhibitions in Sweden.

I'm eagerly looking forward to hearing from you. Please feel free to reach out whenever - with any questions you may have!

Best regards,
August
